A World of its Own

Our Wine List has been compiled so as to give a wide and extensive coverage of wines from across the world. We have concentrated on selecting wines from individual vineyards and some of the best producers, so that we can be sure that the resulting options on our list have the highest taste and quality, and are characteristic of the country and region that the wine originates from.

Our team are on hand to answer any questions and offer suggestions, and to help with decision-making, *we have graded the wines on a scale of 1-5: dry to less-dry for the white and rose, and light to full-bodied for the reds.*

Selected wines by the glass are sold in 125ml, 175ml, 250ml and 50cl (carafe) measures.

" Champagne!
I drink it when I'm happy and when I'm sad.
Sometimes I drink it when I'm alone.
When I have company I consider it obligatory.
I trifle with it if I'm not hungry
and drink it when I am.
Otherwise, I never touch it - unless I'm thirsty."
- Lily Bollinger
